CDA will participate in the 2010 Black Women's Expo

Saturday, August 7, 2010, the Chicago Department of Aviation will participate in the 2010 Black Women's Expo at McCormick Place. The Expo will take place between 10:00 a.m. and 8:00 p.m.

This year's Expo will include a Job Fair that will feature some of the city's employers in a variety of industries. A number of city, county, and state agencies as well as local non-profit organizations will present their services, products and business opportunities to attendees.

The CDA will offer information on airport contracting opportunities and upcoming bid packages for 2010. Attendees will also receive information regarding the CDA Concessions Open House on August 12, where the department will present various vendor opportunities and specific information on doing business with the Chicago Department of Aviation at Chicago's airports.

For additional information on The Black Women's Expo, visit www.theblackwomensexpo.com

~ ~ ~ ~

The Chicago Department of Aviation (CDA) is self-supporting, using no local or state tax dollars for operations or capital improvements at O'Hare and Midway International airports. Together, Chicago's airports generate more than \$45 billion in annual economic activity and create 540,000 jobs for the region. Please visit www.flychicago.com to learn more about the Chicago Department of Aviation.

The CDA continues to incorporate and expand sustainable initiatives for airport planning, operations and maintenance, concessions and tenants in accordance with the CDA Sustainable Airport Manual (SAM), released in August 2009. To view case studies, lessons learned and new technologies, and for more information on the SAM, please visit www.airportsgoinggreen.org.

The O'Hare Modernization Program (OMP), introduced by Mayor Richard M. Daley in June 2001, transforms O'Hare's airfield from an outdated system of intersecting runways into a modern parallel runway configuration. The program will reduce overall delays at the Airport by 79 percent, and bad weather delays by 95 percent. It will create 195,000 new jobs and \$18 billion in additional economic activity each year. Please visit www.oharemodernization.org to learn more about the OMP.
